ECONOMIC DEVELOPMENT

City and Chamber of Commerce expand partnership

The Cedar Park City Council issued a Proclamation recognizing October 18 through 22 as Chamber of Commerce Week. It's a perfect time to recognize the special partnership between the City's Office of Economic Development and the Cedar Park Chamber of Commerce.

You may already know of the City's and Chamber's longstanding partnership to retain and expand business in our community, encourage shopping locally and networking, helping recruit new businesses as members and getting together small group CEO discussions.

Now we're looking to the future! The City and Chamber are working with human resources directors of companies relocating to Cedar Park, creating a business attraction website landing page and meeting with employees looking to relocate here with their companies, as well as new data tools and surveys for businesses coming soon.
