

IRRIGATION PERMIT GUIDELINE

Submit the Required Information:

- ✓ Apply online at www.mygovernmentonline.org.
- ✓ Submit plans and specifications, which must be signed and stamped with irrigator's seal or homestead affidavit, if work to be done by homeowner. As per TCEQ (Texas Commission on Environmental Quality) standards, www.tceq.state.tx.us
- ✓ Provide detail on backflow prevention device.
- ✓ If irrigation system is on a separate meter, an application for service will need to be applied and required fees paid for through the City of Cedar Park Water Department before the permit can be issued.

Prior to scheduling a final:

- Upload the Backflow Prevention Assembly Test to the specific project as a PDF through www.mygovernmentonline.org. (must be completed by an individual licensed as a Certified Backflow Tester).
