

CATALOG TIP SHEET

Automatic Renewal

Catalog address: <https://library.cedarparktexas.gov>

Our library computer system automatically tries to renew any item that you have checked out. The system renews items 3 days before they are due. Patrons do not have the option to manually renew items.

Reasons an item would NOT renew:

- Someone else has a hold on the item
- Your card is about to expire
- You have already renewed the item 6 times
- It is an Inter-Library Loan item

You can always log into your library account to see the status of your items. <https://library.cedarparktexas.gov>

1 Will renew

In the example below, items 1-4 will renew 3 days before the item is due. Each of the items could renew up to 6 times (unless someone places a hold on the item, etc).

2 Will not renew

In the example below, item 5 will not renew. There is a hold on it. It is still due back to the library on 8/15.

Hello, Draco Malfoy
